Israeli Army Radio quoted security officials as saying that Israel carried out an assassination targeting a prominent member of Hamas and the Islamic Group.

Meanwhile, in the southern Gaza Strip, eight Palestinians — including two women and two children — were killed, and others injured, in an Israeli bombing of a house in central Khan Yunis.

Since October 7, 2023, Israel has killed 51,201 Palestinians and injured 116,869 others, the majority of whom are women and children, according to the Palestinian Ministry of Health in Gaza.
